

## GOVERNOR SMALL SIGNED NINETEEN BILLS YESTERDAY

### Vetoes One, Another Becomes Law Without His Signature

(By The Associated Press)  
SPRINGFIELD, Ill., June 25.—Nineteen bills passed by the 53rd general assembly became laws today under the signature of Governor Small, one bill was vetoed and another went to the statute books without the Governor's signature.

A busy day in the executive offices closed with a hearing on the Chicago license bill, which permits the city council to license practically all forms of business.

Strong opposition to the measure was launched by the Illinois Manufacturers' association, the Chicago Association of Commerce, the Englewood Business Men's association, the All-Chicago council and other civic and commercial bodies.

Michael Faherty, chairman of the Chicago board of local improvements, in the Thompson administration told the governor the bill would ruin him in his district as he had 3,000 small store keepers in his ward.

"There won't be a window in my ward where the governor can hang his picture if this bill becomes a law," he said, "not five percent of these small shop keepers make any money and they can't stand to pay a license."

Ross Woodhull, chairman of the finance committee of the Chicago council, declared the present members of the council know as much about politics as Mr. Faherty.

Colvin H. Fyffe, attorney for the Illinois Manufacturers' association; Edward C. Heidrich, Jr., of Peoria, Eugene Kelly, Chicago; L. E. Lilly, Englewood opposed the measure. Alderman John Lyle and Leo C. Hornstein, assistant corporation counsel, were among those who spoke in favor.

The governor has until Wednesday to act on the bill.

House bill 305 was vetoed by the Governor. It provided that township highway commissioners should execute a bond with two or more sureties in twice the amount of money that could be raised by the maximum tax levy for roads and bridges, the bond not to exceed \$10,000.

The governor, in his veto message, said this would be "an unreasonable requirement."

House bill 218, which would permit the state to construct hard roads thru municipalities with a population of 7,500 or under, became a law without the governor's signature. The validity of the act was questioned because no appropriation for the work was made.

The bill making one who sells wood alcohol or other alcoholic liquor for beverage purposes guilty of murder if death results was signed by the governor.

Among the other measures which became laws were the following:

House bill 738.—Provides that county boards may erect orphan's home or county hospital as a soldier memorial.

House bill 661.—McClugage—Gives board of school inspectors the same power in relations to schools for blind and deaf as board of education and school directors.

Senate bill 348.—Duvall—Provides counties have authority to maintain forest preserves and historical spots.

Senate bill 488.—Essington—Appropriates \$50,000 to the department of public welfare to make a survey of the number of specially handicapped children of school age and to make a report in two years.

Senate bill 475.—Swift—Appropriates \$1,200,000 for construction of a science and art building at the Eastern Illinois State Teachers' College, gymnasiums at the Southern and Illinois State Normal Universities and dormitories at the Northern and Western Illinois State Teachers' Colleges.

Senate bill 539.—Essington—Authorizes acquisition of Cahokia Mound and land adjoining for a state park.

## ROYAL MAIL VESSEL TAKEN OFF ROCKS

(By The Associated Press)  
HALIFAX, N. S., June 25.—Passengers aboard the Royal Mail Steamship Caracquet, which went aground on a reef 12 miles north of Bermuda have been taken off the ship by tug it was announced at the company's offices tonight.

Mail was also removed and no casualties were reported. The vessel was fast breaking up, it was said.

Several holds of the ship were reported filled with water and prospects of salvaging her were considered poor. It was thought the Caracquet stranded in a thick mist.

## COUNSEL IN SMALL CONSPIRACY CASE IS IN CONFLICT

Method of Procedure is the Main Point at Issue

(By The Associated Press)

WAUKEGAN, Ill., June 25.—A conflict between opposing counsel on three questions of procedure prevented headway today in the trial of John B. Field, Edward Courtney and Edward Kaufman on charges of conspiracy to impede justice in connection with the trial and acquittal last summer of Governor Small.

Tonight the questions were being considered by Judge Jacob Hopkins, who has promised decisions tomorrow. Upon the acceptability of the court's rulings depends to a large degree the future progress of the trial.

The questions are: "Whether the jurors shall be held incommunicado during the trial."

"Whether witnesses may be permitted in the court room before they testify."

"Whether the grand jury which has been investigating the charges of irregularities in connection with the selection of the jury which acquitted the governor shall conclude its inquiry before the trial goes further."

Vigorous argument on each question prevented examination of the 36 veniremen summoned today for prospective jury service.

State's Attorney A. V. Smith of Lake county, and Thomas J. Shimes, representing Attorney General Brundage, expressed their willingness that the jurors go home at night. Defense counsel objected. The state's attorney sought to have the jurors free at least during the extremely hot weather.

The defense also raised the question of the presence of witnesses. A prospective three-ring circus, was seen by defense counsel, W. S. Barrett, in the possibility of the grand jury continuing in session during the trial and a protest on the part was made.

## EVIDENCE SHOWS MISSING PRIEST IN TOPEKA, KANS.

Was Seen at Three Different Places in That City

(By The Associated Press)

TOPEKA, Kans., June 25.—Additional evidence that Father John A. Vranlak, Catholic priest, missing since March 5 from his parish in Virgdon, Ill., has been in Topeka recently, was obtained here today. W. C. McNeil, manager of a meat market informed the police that a man tallying closely with the description of Vranlak last Friday asked for a job. McNeil quoted him as saying that he had been in the army and had been tried for insanity, and that his mother, sister and brother—a dentist—were trying to have him sent to an asylum.

The missing priest is said to have been seen at a restaurant at Gage Park, and at the House Mission here recently. The trail was followed by a detective from Topeka to Lawrence and back to Topeka again. At Hope Mission the minister in charge said he was impressed with the stranger because of the able manner in which he led in prayer. In conversation the stranger said he desired to go to Mexico to do mission work.

The priest's brother, Frank Vranlak and J. W. Diamond of Springfield, Ill., were here today conducting a search.

## FAMILY HAD LONG RECORD IN MINISTRY

(By The Associated Press)

SPRINGFIELD, Ill., June 25.—The death today at Des Moines, Ia., of Rev. W. F. Gillmore, a native of Central Illinois, brings to a close 300 years of Methodist church ministry in one family. His father, grandfather and ten uncles were all Methodist preachers and the aggregate of their pastorates was 300 years. During his ministry, Rev. Mr. Gillmore preached 7,000 sermons, married 350 couples and officiated at 500 funerals. He has held a number of pastorates in a third of his life.

He was 80 years old.

## TIM DRONEY DROPS TENDLER FOR COUNT OF 9

Allentown, Pa., June 25.—Tim Dronney of Lancaster, dropped Lew Tandler of Philadelphia, lightweight title contender for a count of nine in the opening round of a ten round bout tonight.

Dronney also took the second and third rounds with a vicious body attack, but after that Tandler's superiority asserted itself and he won the verdict of the newspapermen.

## ANOTHER STORM SWEEP NORTHWEST LAST NIGHT

St. Paul, June 25.—Another storm of destructive vigor, the fifth in two days in the northwest apparently was centered at Dakota, Minn., tonight.

## EIGHT DEAD MANY INJURED AS CARS FALL FROM TRACK

### Two Wooden Cars of Brooklyn Elevated Plunge to Street

(By The Associated Press)

NEW YORK, June 25.—Eight persons were killed and 83 injured today when two wooden cars plunged from the Brooklyn elevated structure into the borough's busiest traffic intersection.

The two-car train, well filled with women, children and a few men, jumped the rails, ripped thru rotten guard beams and pancaked on its side to the pavement, a mass of splintered debris.

Carrying what it trolley wires the train fell amid spurts of blue flame and crackling wire. As screams of the passengers, many of them transfixed by jagged sections of broken wood, rose above the crash, flames shot from the cars and drove back pedestrians who ran to the scene.

The driver of a truck, the radiator of which had been caught under the train rose, white and trembling, from the seat, burst into tears and staggered away. Two women, shaking, their faces, bleeding from cuts, climbed out of the wreck and walked after him.

Within a few minutes a dozen pieces of fire apparatus and police patrols had broken their way thru several hundred bystanders. A score of ambulances arrived as the firemen fought the flames. Two hours were required to clear the wreckage of the bodies of living and dead.

Edward Parcell, motorman, who escaped without a scratch was arrested charged with homicide.

Mayor Hylan, District Attorney Dodd, Gerhardt Dahl, chairman of the board of directors of the Brooklyn-Manhattan Transit company which operated the train, and the police started inquiries at once.

The mayor and district attorney announced their opinion that the loss of life had been caused by faulty construction.

All investigating officials agreed that the accident had had its inception at a switch 50 feet from the point where the train fell. The mayor asserted that the second car had been derailed at the switch, had dragged along on the ties and had pulled the first with it thru the rotten guard rail.

Although the motorman asserted he had seen the switch turn to green giving him right-of-way, the switch was turned to red after the accident. The mayor charged that it had been tampered with after the crash.

The accident occurred shortly after 2 o'clock. The train of the Fifth Avenue Line was coasting along the straight piece of track to the station at the Long Island railway station, the busiest traffic intersection in Brooklyn.

## GENERAL AUDITOR OF C, R. I. & P. TESTIFIES

(By The Associated Press)

CHICAGO, June 25.—A. Herman, assistant general auditor of the Chicago, Rock Island and Pacific railroad, testified today at the hearing of the alleged discriminatory tax assessment against the road by the Iowa state executive council.

Mr. Herman's testimony was along the lines of the road's general reports for the profit of the last six years which are now in the hands of the Iowa railroad commission and the interstate commerce commission. It dealt with the operating revenue and debts of the company including stocks and bonds. Presentation of the road's side will continue for several days. The railroad commission will present its side at a hearing at Des Moines July 5.

## ATTACKS COOPERATIVE MARKETING MEASURE

(By The Associated Press)

CHICAGO, June 25.—Unconstitutional, inept and pernicious were the terms applied in a statement today by Everett C. Brown, president of the Chicago Livestock Exchange to the cooperative marketing bill recently passed by the Illinois legislature and signed by Governor Small.

It is president Brown's interpretation that the pooling plan covered by this law will permit promoters to exploit farmers. He declared that similar bills have been declared unconstitutional by supreme courts in other states and that the pooling plan has already lost farmers millions of dollars on fruit in California, on milk contracts in Illinois and Wisconsin and on tobacco in many Southern states.

## MERCURY RUNS AWAY IN NEBRASKA

Falls City, Neb., June 25.—The mercury here took a record breaking jump today when it mounted to 103 degrees, the hottest June day in many years.

## Harding Opposed To Modifying Dry Law

(By The Associated Press)  
DENVER, Colo., June 25.—President Harding speaking here today, definitely placed himself, his administration and his political fortunes on the side of those opposed to modification of the national dry laws.

He furthermore served notice that so long as he was president the prohibition and other laws would not be permitted to become a "by word" even should the burden of enforcement be increasingly passed on to the federal government.

He did not mention specifically the recent action of New York in repealing its enforcement code but he predicted that the "new qualificationists will discover that they have perpetrated what is likely to prove one of the historic blunders in political management."

"I am convinced that they are a small and a greatly mistaken minority who believe the 18th amendment will ever be repealed," he said. "Details of enforcement policy doubtless will be explained as experience dictates. Further I am convinced that whatever changes may be made will represent the sincere purpose of effective enforcement, rather than moderation of the general policy."

**Audience Enthusiastic**  
Mr. Harding's audience, which filled to capacity the auditorium seating 12,000, seemed to respond more enthusiastically than any he yet has addressed. The first mention of the eighteenth amendment and the Volstead act brought cheers, and applause thereafter was frequent.

The most vigorous applause came when he declared that there could "be no issue in this land paramount to that of enforcement of law. Reiteration by the president of his advocacy of American membership in the permanent court of international justice is closing the address which was on "law enforcement" likewise was cheered.

The president spoke just before leaving for Cheyenne, Wyo. Earlier he with Mrs. Harding had been taken a tour of the city, during which they were greeted by thousands who filled their automobiles with roses. The executive plainly was impressed by the welcome accorded him and Mrs. Harding.

## HOT WAVE WILL MODERATE TODAY IS PREDICTION

All Heat Records Broken For Chicago Yesterday

(By The Associated Press)

CHICAGO, June 25.—The hot wave in which the midwest has sweltered for eight days, will moderate tomorrow, Professor Henry Cox, weather forecaster for the Chicago district announced tonight. All heat records for Chicago were broken for the year today when the mercury reached 96 at 4 o'clock, one degree above the previous high record of last Saturday. Street readings showed 98 and 100.

Several more deaths and scores of prostrations were reported as thousands flocked to the bathing beaches and parks tonight. Eight portable schools were closed today because of the heat.

Professor Cox based his predictions of more moderate temperatures tomorrow on local thunderstorms and shifting winds.

Wisconsin, Minnesota and the Dakotas were hardest hit by storms and property damage was reported heavy.

## HAS NO INTENTION LEAVING MARION IS HARDING STATEMENT

Wants Friends to Know That Marion is to be His Home

(By The Associated Press)

MARION, O., June 25.—Denial was made today by President Harding that he intends to sever his relations with Marion as a citizen. One press report sent out last week when the Marion Star, Mr. Harding's paper was sold, hinted that the business deal might mean that the president would not return to reside. The following telegram received today by George H. Van Fleet, editor of the Star is believed to be the president's first definite statement as to his intentions:

"I note in the press statements that my sale of a controlling interest in the Star means severance of my relations with Marion as a citizen. Please publish an explicit denial. Such an announcement is of no particular interest to anybody except my lifelong friends of Marion and myself, but I do wish it understood at home that I have never entertained a thought of changing my residence. The ties of a lifetime are not so easily severed."

## WISHES TO CO-OPERATE WITH WORLD WAR VETS

Minneapolis, Minn., June 25.—A sincere desire to co-operate with their organization in all matters of interest to them was expressed today by Major W. W. Smith, personal representative of Major General Frank T. Hines, director of the United States Veterans bureau, in an address before the convention of the disabled American Veterans of the World war.

## STOCK EXCHANGE HEAD RESIGNS

New York, June 25.—William S. Silkworth, president of the Consolidated Stock Exchange, tendered his resignation from that office at a meeting of a special exchange committee today. It was accepted effective tomorrow. It was also announced that he had sold his seat on the exchange.

## JOCKEY JORDAN DIES OF INJURIES

Montreal, June 25.—Charles Jordan, jockey who was trodden on when his horse with two others fell in the second race at Delorimont Park this afternoon, died tonight.

## FOREIGN LINERS TO SAIL FOR HOME WITH NO LIQUOR ABOARD

### Bars Will be Closed as Vessels Leave for Return Trip

(By The Associated Press)

NEW YORK, June 25.—Eight great foreign liners which sailed into New York harbor during the weekend with their return supply of liquor under government seal are today being put out for home with closed bars, the supplies of two ships the Baltic and the Berengaria, having been seized by United States customs officials. The others will lose their drinkables tomorrow or the next day.

Thousands of gallons of liquors, wines and beers already have been confiscated.

Tomorrow nine more vessels are due, all reported with liquor aboard.

The Berengaria and Baltic have been left a liberal supply of spirits and beer for medicinal purposes. English law requires all English liners to carry at least one gallon of brandy for each 100 passengers and crew.

On this scale the Baltic has been allowed enough liquor for a passenger list of 2,000 according to officers of the line. The Berengaria has about the same percentage.

Steamers which came in over the week end and which as yet have their seals unbroken are the Paris with 3,700 bottles of spirits and beer and 200 casks of wine and beer; the Cedric, with 12,000 quarts listed as "medicine" the Suffren with 2,100 bottles of assorted wines and liquors; the Contrevent with 2,000 gallons of wine; the Providence with 265 litres of wine and 24 quarts of brandy; the Tuscania and the Carmania with assorted beverages.

Captain Roberts of the Baltic and Captain Irvine of the Berengaria presented letters of protest to United States government officials who broke the British customs seals but declined to indicate what action would be taken by their government.

## SECRETARY DAVIS MAKES PLEA FOR COUNTRY'S BABIES

Have Better Chance in Nine Countries Than Here

(By The Associated Press)

AURORA, Ill., June 25.—There are nine countries where a baby newly born has a better chance to grow to healthy childhood than in America, Secretary of Labor Davis, declared at Moosehead today in opening the annual convention of the Loyal Order of Moose.

Child care and the improvement of child life were the themes discussed at the opening session attended by more than 1,000 delegates.

Every year 250,000 American babies die before reaching the age of one year the secretary said. During the last one year and a half, not one baby was registered in that class from Mooseheart.

If all America was like Mooseheart we would lead all the countries in the world in protecting babies.

Five hundred thousand American children, so-called defectives and delinquents are growing up almost totally neglected. From the ranks of these come more than 80 percent of the criminals who fill our jails and penitentiaries. Of the half million men and women in our corrective institutions more than 300,000 were sent there on account of neglect in childhood.

Assistant Secretary of Labor Edward J. Henning, addressing the graduating class at Moosehead declared that "no decent man or woman will approve the exploitation of babyhood in industry."

The nation which tolerates it has no right to claim to be civilized.

## TO CONSULT MELLON ABOUT ELLIS ISLAND

(By The Associated Press)

LONDON, June 25.—Andrew W. Mellon, American secretary of the treasury will be consulted by British officials on his arrival here with regard to alleged indignities forced on British subjects landing at Ellis Island, the house of commons was informed today by Ronald McNair, under-secretary for foreign affairs.

The subject was brought up by Captain Viscount Curzon, who called attention to the case of an unnamed English mercantile captain, who he said was made to land at Ellis Island on April 28, placed in a wire cage with thirty foreigners and afterwards forced to strip for examination at his passport was in perfect order and he had been told by the American consul that there would be no difficulty.

## NEGROES TWICE SENTENCED ARE FREED BY COURT

Were Implicated in Elaine Insurrection in 1919

(By The Associated Press)

LITTLE ROCK, Ark., June 26.—The six Elaine negroes whose release the state supreme court ordered yesterday, nearly four years after the murder for which they long faced the prospect of death in the electric chair, are free this morning. As far as known the six are with friends here.

The Elaine insurrection occurred in October, 1919, in which several white persons and a number of negroes were killed. The negroes released had twice been sentenced to death after conviction for murder.

The court yesterday granted the petition of the defendants' attorneys for dismissal on the ground that two terms of circuit court in Lee county had passed without the case being brought to trial. The third trial was set in Lee county on a change of venue from Phillips county, where the insurrection occurred on the ground that a fair trial could not be obtained in the Phillips circuit court.

Six other negroes under sentence of death in connection with the uprising await disposition of their case in federal court here. The defense counsel has applied for a writ of habeas corpus asking the court to decide if the negroes received a fair trial at Helena.

The negroes named in yesterday's court decision are Edward Ware, Albert Gilles, Joe Fox, John Martin, Alf Banks and Will Wordlow. The verdict of guilty on the first trial at Helena was reversed because the jury failed to name the crime of which they found the defendants guilty, reporting merely that they were guilty as charged. The second reversal was on the ground that there were negroes on the jury.

The scheduled third trial at Marianna in Lee county, was postponed on motion of the state.

The Elaine rioting occurred when an automobile occupied by white men was fired on near a negro meeting house at Hoop Spur in Phillips county. Later developments showed that a large number of armed negroes were in the meeting house and that armed sentries patrolled the vicinity.

In the disturbances which followed federal troops were ordered to the scene. Order was restored after two members of the Helena post, American Legion, and other white persons had been killed, as well as a number of negroes.

It developed that the negroes had been induced by agitators who posed as government agents to arm themselves and drill in preparation for the time at which they were told they should take over control of the communities where they lived.

## CURTIS FUNERAL SERVICES HELD

(By The Associated Press)

DENVER, June 25.—Funeral services of Sumner Curtis, representative of the Republican National Committee on President Harding's trip to Alaska, were held this afternoon. Curtis, Thomas F. Dawson, formerly a widely known Washington newspaperman, and Thomas A. French of Denver, lost their lives yesterday on the Bear Creek canyon road when their automobile plunged over a 75 foot embankment. The seriously injured, the condition of Donald Craig, Washington correspondent of the New York Herald was declared hopeful tonight.

John F. Vivian, National Republican committeeman from Colorado, left for Chicago today with the body of Mr. Curtis.

Mr. Dawson's funeral will be held Wednesday.

Solemn high mass will be said for Mr. French, driver of the car Wednesday.

## REFUEL AIRPLANE IN MIDAIR MONDAY

(By The Associated Press)

San Diego, Cal., June 25.—Captain Lowell Smith and Lieutenants Richter, Hines and Seifert today refueled an airship in mid-air as a preliminary to the four days and four nights flight which Captain Smith and Lieutenant Richter hope to start Wednesday in an effort to smash endurance and speed records. The gasoline was transferred while the machines were making 90 miles an hour.

## BANKERS FROLIC AT ROCKFORD MEET

(By The Associated Press)

Rockford, Ill., June 25.—A smoker frolic for men and a theater party and reception for women marked the opening of the state bankers' convention here today.

Business sessions start tomorrow. J. H. Puelicher, president of the American Bankers' association, will be the principal speaker.

Homor Wood of Pisgah was able to be on the streets Monday after his auto accident Saturday night.

## NATIONALIZATION OF MINES OPPOSED BY THE PRESIDENT

### Discusses Coal Problems at Cheyenne, Wyoming Monday

(By The Associated Press)

CHEYENNE, Wyo., June 25.—In a discussion here today of the nation's coal problems in which he mentioned the industry, the consuming public and the government's interest in all phases of coal operations, President Harding recorded himself as being opposed to nationalizing the mines, and declared that the United States Coal Commission would bring the country "a new understanding" of the problem and point out a solution "in behalf of a vital public interest."

The chief executive spoke from the observation platform of the car in which he came here from Denver, to his first Wyoming audience. He also mentioned problems of the livestock producers of the state, the wool interests and called attention to relief measures which he said congress and the war finance corporation had given after war's inflation and later deflation.

In developing his principal theme, the coal problem, Mr. Harding referred to the strike of last year, asserting his opinion that many mine operators were as much responsible for that situation as the men who struck.

The operators, he said, had insisted they could produce all the coal that was needed if the law was enforced.

"The law enforcement was provided," he added, "but no coal was produced. There can be no coal mining in free America under the force of arms."

The biggest need of the world today, the president said, was work, adding that the world has no use for a loafer, big or little, "whether commanding capital or directing labor."

Referring to the coal situation at another point, Mr. Harding said: "It may seem a far cry to talk about the coal problem in Wyoming, but it is one of the pressing problems of the country. In New England today there is anxiety about next year's fuel supply, traceable to the experienced hardships of last winter. That severe trial to New England in particular followed the coal and railway strikes when winter came on with inadequate supply and insufficient transportation facilities."

"The government is not blind to the situation or deaf to appeals. It is doing everything possible so far as authorized by law to dispel public apprehension. Under the authority of an act of congress the United States Coal Commission made up of able and earnest men has been engaged in a thorough investigation of this vital problem and will report to the congress next December."

"It is going thoroughly into the labor controversy, studying living conditions and the community life in the mining regions ascertaining facts about the inadequacies which prevent prompt distribution, inquiring into engineering problems and the economic errors incident to overdevelopment, looking to the excesses in profits reflected in inordinate charges for coal and preparing an exhaustive report on the entire industry."

"It will be revealing and, we hope, remedial. We shall know the facts about a basic industry which is the source of peril to the nation's industrial life and a more or less continuous threat to our domestic comfort, sometimes a menace to life and health."

## WEATHER RELENTS ON ATLANTIC COAST

Washington, June 25.—The weather relented tonight, and while predicting that warm weather would continue generally east of the Mississippi tomorrow, said he was certain it would be a bit cooler Wednesday.

Local thundershowers are predicted for practically all sections tomorrow or tomorrow night.

**A STAMP FLURRY**  
Postage stamps may not be  
listed on the stock exchange, but  
they have their flurries and their  
bullish and bearish movements.  
The Chilean government recently  
put out a new issue of stamps to  
commemorate the fifth Pan-  
American conference. It was  
bought up by excited philatelists  
within one week of its appear-  
ance.

Some of the buying was done by  
bona fide collectors who wanted  
the stamps for the joy of having  
them. Other buying was purely  
speculative, purchasers standing  
in line to get whole sheets of  
the stamps, hoping to sell them to  
collectors later at a goodly profit.  
The Chilean government was  
glad to get the money represented  
by the prompt sale of its souve-  
nir stamps, but it feared that  
some stigma might attach to it-  
self as a result of their rapid ab-  
sorption. So it proceeded to  
authorize a second issue of the  
same amount.

Collectors and speculators are  
now wondering just where they  
stand and just how valuable—be-  
yond its face value—the original  
issue of stamps will be.

**BEACONS**

A searchlight five feet in  
diameter, with 500,000 candle  
power, is being placed on the top  
of Mount Tamalpais, overlooking  
San Francisco Bay. The beam it  
throws can be seen for 80 miles.  
It will be used for signal work  
of many kinds. By beams of light  
thrown straight upward at fixed  
times, clocks and watches may be  
regulated over a large area. One  
of its main uses will be as a light-  
house for the service of aviators  
at night.

That light is a forerunner of  
countless signal lamps that will  
flash forth from mountain tops  
and towers all over the country,  
and eventually throught the world,  
as man comes to make full use of  
aerial transportation. Future  
travelers by night will see pow-  
erful beacons strung across the  
continent as lamps are strung

**WINCHESTER WOMAN  
PASSED AWAY SUNDAY**

Miss Kate Watt Dies After Illness  
or Three Weeks—Funeral Will  
Be Held Today

Winchester, June 25.—The  
many friends will be surprised to  
learn of the death of Miss Kate  
Watt who passed away Sunday  
morning at 8:30 o'clock at the  
home of her brother D. D. Watt after  
an illness of three weeks.

She was born and reared near  
Winchester where she received  
her education and was a member  
of the firm of Watt Dry Goods  
Company, retiring several years  
ago to devote her time to her  
home on North Main street. She  
was the daughter of the late Mr.  
and Mrs. David Watt, Sr., who  
were among the pioneers of Win-  
chester. Her parents, one sister,  
Mrs. Bell Coons and one brother,  
Robert Watt, preceded her in  
death. One brother David Watt  
is the only survivor of the imme-  
diate family, although she leaves  
many other relatives. Miss Watt  
was a faithful member of the  
Presbyterian church and she en-  
joyed her church, her home and  
her friends. She was kind and al-  
ways thoughtful of others and  
will be greatly missed.

The funeral will be held tomor-  
row morning from the home of  
her brother, D. D. Watt.  
Mrs. Ben Clark of Chicago is  
visiting relatives and friends  
here.

Mr. and Mrs. Thomas Lashmet  
of East Prairie, Missouri, are here  
for a visit with relatives and  
friends.

Dr. John Weiser and family of  
St. Louis motored to Winchester  
Sunday to visit his brother S. L.  
Weiser and wife.

Dr. L. R. Thomas and family of  
Koodhouse visited Miss Sarah  
Thomas Sunday.

**GIANT ZEPPELINS  
MAY SOON OPERATE  
ACROSS ATLANTIC**

LONDON. (By A. P.)—Details  
of the first Atlantic airship ser-  
vice between Spain and Argentina  
have just been made public by the  
London Daily Chronicle, which  
says that it may soon be possible  
to bridge the 5,000 miles between  
the two continents in three and a  
half days. The service will oper-  
ate between Seville and Buenos  
Aires, and Zeppelin aircraft will  
be used.

There will be terminal air-  
dromes, mooring masts, repair  
shops, and hydrogen factories at  
Seville and at Buenos Aires. In  
addition, emergency landing  
grounds will be laid out at the  
Canary Islands and at Cordoba, in  
the Argentine.

On the American side of the At-  
lantic the hangars will be made  
on a revolving principle, because  
of the variability of the wind.  
Four airships are being built to  
inaugurate the scheme, and it is  
anticipated that service will be-  
gin next summer. It also is prob-  
able that arrangements will be  
made to link up Seville direct  
with London by an airplane ser-  
vice.

The airships, fitted with nine  
engines, each developing 400  
horsepower, will carry 40 pas-  
sengers and 11 tons of mails and  
merchandise. There will be two  
simultaneous flights a week in  
each direction, and the time taken  
to cross the Atlantic will be three  
days and 16 hours. Passengers  
will have all the comforts of an  
Atlantic liner, without the disad-  
vantage of sea sickness.

The ships will have a speed of  
82 miles an hour. Zeppelin pilots  
who have not less than 1,000 suc-  
cessful flights to their credit will  
be engaged to operate the craft.  
Each airship will carry six pilots  
and a commander.

Powerful wireless sets will be  
fitted into each ship, thus it will  
be possible to keep in touch with  
45 weather stations on the coasts  
of Spain, Africa, America, the  
Canary Islands, Cape Verde and  
so on, as "equation operated  
with ships at sea.

**HEALTHY AND ACTIVE**

AT 125 London.—The latest entrant  
for international old age honors  
is a Hungarian woman by the  
name of Antonia Lippa, whose  
age is authenticated at 125 years.  
She is reported to be in excellent  
health and very active.

In answer to inquiries as to her  
health, Antonia says she wore  
glasses until she was 95, but  
since then she has been able to  
see clearly without artificial aid.  
She has been a widow for fifty  
years, and earns a living by giv-  
ing medical advice to her com-  
munity.

**IRELAND TO CENSOR MOVIES**

Dublin.—The Irish Govern-  
ment is establishing a national  
censorship of cinema pictures.  
Hitherto managers have been  
carrying on such censorship as  
was provided in England, and  
many films were uncensored, but  
there was no uniformity and some  
public complaint of the exhibi-  
tion of objectionable films.

The new censorship will super-  
sede all others. Every film must  
be censored by the national cen-  
sor, and the exhibition of any  
uncensored film will be punished  
by heavy penalties.

**BERTON BRALEY'S DAILY POEM**

**THE TRACTOR**

By Berton Braley

I AM not a thing of beauty or of charm,  
I am ugly, I am noisy, but I'm strong.  
I am built for heavy duty on the farm.  
And I can do heavy duty right along.  
I can yank a bunch of gang-plow through the sod.  
I can pull a dozen binders through the wheat;  
Is it labor you are needing, plowing, harvesting or seeding?  
Give me gas and put a driver on my seat!

I AM not the sort of thing that artists paint,  
I don't add much pretty color to the scene,  
And you couldn't call me picturesque or quaint.  
And I smell of oil and grease and gasoline.  
I am clumsy, but I'm tireless in my might.  
And I'm busier than all the bees that buzz,  
And I have more vital forces than a score or two of horses.  
So I reckon handsome is as handsome does!

IT is mine to help the farmer at his work,  
I'm a giant—at your service, here and now!  
Who will save you from the weariness and irk  
And the sweat that blinds the eyes and beads the brow?  
I am ugly, but I'm willing and I'm strong  
With an endless store of energy atrob;  
Want a task done? I can do it, give me gas and steer me to it,  
I'm the slave of modern progress on the job.

**DOLLARS FOR ILLINOIS  
WOMAN'S COLLEGE**

What is all this stir about in  
Jacksonville these days?  
The Illinois Woman's college,  
which has a large life claim on  
the sympathy, co-operation and  
contributions of Jacksonville peo-  
ple.

What is the reason for this  
girl's school?  
The reason is that there is a  
demand for it. Many parents,  
many young folks prefer a wom-  
an's college to a co-educational  
institution.

Thru these years has it com-  
mended itself thru its business ad-  
ministration and educational pro-  
gram?

It certainly has and ranks a  
top-notch with the North Cen-  
tral association. Association of  
American colleges, American As-  
sociation of University Women,  
University Senate of the Metho-  
dist Episcopal church and the Il-  
linois Department of Education.

That sounds good. How many  
students?  
Two hundred seventy-five regu-  
lar college students; 266 special.

How much endowment has Il-  
linois Woman's college?  
Net, \$275,000.

What income does the college  
derive from this?  
Net, \$13,888.

Any other sources of income?  
Collections from churches in  
the Illinois Annual Conference,  
gifts from friends and fees from  
students.

Does it cost much to run a  
woman's college?  
\$180,000 a year to run this  
one.

Is this more than that of five  
years ago?  
Yes; Illinois Woman's college  
has no special dispensation where-  
by it can secure teachers, supplies  
or any necessity at less than pre-  
valing prices.

What are the total assets of the  
college?  
The total plant including en-  
dowment and equipment repre-  
sents a valuation of \$780,000.

How much does the Illinois  
Woman's college ask at this time?  
\$500,000.

Why does it need so much? We  
have heard money talked contin-  
uously for years for this college.  
Because it is growing, thriving  
and filling a very important place  
in the educational scheme of the  
Mississippi Valley and entire  
country.

Very well, How and why is this  
sum needed and what is Jackson-  
ville's part?  
\$400,000 will be used for en-  
dowment. Jacksonville's \$100,000  
—for a building.

Does anything special hinge on  
raising this \$500,000?  
Yes, much, for the \$133,000  
conditionally promised from the  
General Education Board depends  
on it.

Has Illinois Woman's college  
proof that justifies its existence?  
It speaks for itself. Its rapid  
advance in the past 20 years, its  
careful, progressive administration  
and freedom from current in-  
debtedness, have justified the  
faith, interest and co-operation of  
its friends.

Are its graduates worthy wom-  
en?  
Many are in the educational  
world, some are in religious ser-  
vice, all are women of standing,  
repute and leadership.

Does the college serve others?

A car load of hog founts,  
"The Boss," just in, on steel  
runners. We save you  
money.

**JACKSONVILLE LODGE  
CONFERRED DEGREE**

Large Class is Given the Rank of  
Knight—Banquet is Served to  
Over 100 Members.

A large and satisfactory dinner  
was served the members of Jack-  
sonville lodge No. 152 Knights of  
Pythias, by the ladies of Grace  
church missionary circle at the I.  
O. O. F. hall on East State street  
last night.

Following the supper which be-  
gan at 6:30, Judge O. P.  
Thompson took charge of the  
meeting as toastmaster. Short  
talks were made by several of the  
prominent citizens of the city,  
among whom were: L. O. Vaught,  
C. H. Russell, S. O. Barr, Dr. Can-  
nady, Dr. Bradley, Dr. Garm Nor-  
bury, Arthur Cody and several  
others.

The rank of Knight was con-  
ferred on a large class in charge  
of L. O. Vaught. The Senate was  
composed of Herbert Capps, O. P.  
Thompson, H. C. White, Charles  
Howard, J. H. Russell, L. O.  
Vaught, Harry Howard, W. L.  
Shibe, and E. E. Grassly, with J.  
I. Graham as King.

The affair was greatly en-  
hanced by the appearance of a com-  
plete outfit of new robes and uni-  
forms. Over one hundred mem-  
bers were present and all agreed  
that the meeting was one of the  
most successful of its kind ever  
held by the lodge.

Why do human beings want to break rules, to step outside the bounds of convention? This seems to have been the practice ever since the Commandments were first given out; but, see

**The Great William Farnum, in  
'Brass Commandments'**

It is a story of the West, done in the breezy style of Charles Alden Seltzer, popular for his narratives of outdoor action. To make a good thing better, Tom Santschi, who held such a memorable conflict with Farnum in the "Spotters," gives the Fox star an equally historical battle in this play.

There are two girls in the story. Wanda Hawley plays a capable feminine lead opposite Farnum and Claire Adams comes in for her share of honors. There is action, tons of it; the story retains interest by its dramatic tenacity; the romantic skein is well woven through the tale and the climax thunders with power. This is the opinion of critics who saw the film before its release to the general public.

## AGED GREENE COUNTY RESIDENT DEAD

Isham Hicks Passed Away Sunday Morning—Funeral of Mrs. Maria Hicks Held — Greene County News Notes

White Hall, June 25.—The death of Isham Hicks, aged 84 years, one of the oldest residents of Greene county, occurred at 6:30 a. m. Sunday in his home at Drake station, six miles west of White Hall. He was stricken nearly a week before his death with what was pronounced as asthma of the heart, but he had been in feeble condition for several years. His wife survives, and there are several children scattered over this section, those nearest being Frank, Charles, Rudolph and Mrs. Florence Crabtree. He had resided in the locality practically all his life.

Funeral of Mrs. Hicks at 2:30 today, in the home where she had resided for fifty-three years, occurred the funeral of Mrs. Maria Hicks, widow of Samuel Hicks, whose death came wholly unexpectedly at 9 o'clock Saturday evening while seated on her front porch, after having assisted with the evening meal. The funeral discourse was delivered by Rev. J. F. Brinkman, pastor of the Roodhouse Baptist church, and the burial was in the Hicks cemetery, nearly five miles northwest of White Hall.

The deceased was a native of Patterson, born January 25, 1852, eldest of a family of seven children of the late L. J. Patterson, of whom the three survivors are Mrs. John Jones and Miss Sallie Patterson of Roodhouse and George B. Patterson of St. Louis. The deceased brothers are James L. Benton and Joseph Patterson. She and Samuel Hicks were married November 28, 1870, and they immediately occupied the Hicks homestead, four and one-half miles northwest of White Hall, where they continued to reside without interruption. Mr. Hicks died April 5, 1917. Of their five children, the survivors are Mrs. W. E. Landman of Roodhouse, Lemuel and Lewis at home and Harry deceased. There are two grandchildren, Cecil and Kenneth

Taylor of Roodhouse, and five great grandchildren.

Mrs. Hicks had been in feeble health for the past few years, but her death came suddenly and wholly unexpectedly.

### News Notes

Rev. Thomas N. Marsh came up from Alton Saturday to fill his Sunday appointment at the Oak Grove Baptist church, four miles west of White Hall. Despite the fact that his death notice has been heralded far and wide, he is still active in the Baptist ministry, and delights in the tributes that came to him while he could appreciate them. Rev. Mr. Marsh will be 81 years of age on July 1st, next Sunday, he being born July 1st, 1842, in Greene county. He began the ministry in April 1867, fifty-six years ago, and his work has been confined to twenty-three counties.

Mr. and Mrs. C. J. Moynihan arrived from St. Louis Saturday to remain over Sunday with his father, John J. Moynihan. C. J. made one of the leading addresses at the interdenominational Rotary convention that sets him up a number of notches higher in the oratorical class. He is a leading Republican politician in Colorado, being located at Montrose, and it is intimated that he has an eye on the senatorship in preference to the governorship. While at the old home Mr. Moynihan made provision for a substantial donation to the equipment of the new library, so we are informed.

JACKSONVILLE FARM SUPPLY CO.

HEIRS SEEKING HIDDEN CASH FLOW UP FARM

Regina, Sask.—Ten years ago a farmer, Norman Curtis, arrived from Iowa, and settled with his family on a farm near Langbank, Sask. He brought \$5,000 cash, with him, paid \$1500 down on his farm, and being a non-believer in banks, buried the remaining \$3,500 in a field, telling no one, not even members of his family, where it was concealed. During the winter of 1913 he was frozen to death and with him died the secret of the hiding place of the money.

For the past decade members of his family have organized many futile searches for the hidden treasure. Every conceivable place has been dug up, stones moved and hunches followed, but still Curtis' hoard remains safe from everyone, bank robbers included.

## CHEYENNE HAS MOST OF GOVERNMENT FOR FEW HOURS MONDAY

President Harding and Party and Congressmen Meet

(By The Associated Press) CHEYENNE, Wyo., June 25.—The executive and legislative branches of the government met today in Cheyenne and for a few hours almost as much of the United States government was centered here as in Washington.

President Harding and his party, including two cabinet members, Secretaries Wallace and Work, Speaker Gillette and Admiral Rodman arrived here at 5 o'clock and found that three hours earlier the congressional party returning from Alaska had arrived. Immediately there was a home coming between the two groups, one enroute to Alaska and the other returning.

The congressional party which left Washington late in April and went to Alaska by way of Panama with Secretary Weeks, including Senator Warren, Republican, Wyoming, with Robinson of Arkansas, Democratic leader in the next senate, and about twenty members of the house, including Representative Wood of Indiana, chairman of the Republican congressional campaign committee.

## POSTAL CLERKS MAY ASK WAGE INCREASE

EL PASO. (By A. P.)—Dust stirred by Don Juan Onate on his way to settle Santa Fe more than three centuries ago will be on the heels of delegates here to attend the National Federation of Post-office Clerks' convention September 2 to 7. Every state in the union will be represented.

Congress may be asked to increase the pay of postoffice clerks, if the high cost of living does not go down in the meantime, according to officials of the federation who are here making arrangements for the convention. Other legislation which will come up for endorsement includes: Credit for one hour for each 45 minutes worked at night.

Double time for Sundays and holidays. An annual vacation of 30 days. Although the federation now has seven vice presidents, it is claimed the rapid growth of the organization demands the addition of from four to eight more, and this question will be voted on. Under the present rules the large cities, such as New York and Chicago, are entitled to a maximum of five delegates and as many votes, while a postoffice with half a dozen men may have one delegate and one vote. The larger cities are asking for a different basis of representation.

## CHAPIN

Miss Helen Pratt, daughter of the late Lyman Pratt and former resident of the Joy Prairie neighborhood arrived in Jacksonville Saturday from her home in California. Miss Pratt will be welcomed by her many friends on Joy Prairie where she will be the guest of Mrs. Alice Joy and other relatives.

Mrs. Lloyd Ross and daughter Wilma of Jacksonville spent several days last week with Mrs. Funk, returning to her home Saturday night.

Werner Onken drove from St. Louis Sunday morning in his Chevrolet car and will enjoy a two weeks vacation with his parents Mr. and Mrs. Gustav Onken.

Mr. and Mrs. W. W. Anderson and Mr. and Mrs. P. H. Ham enjoyed an all day picnic Sunday, motoring to the country and eating picnic lunches.

Mr. and Mrs. H. K. Onken and daughter Mary and Mr. John Onken spent Sunday in Petersburg the guests of Mr. and Mrs. Edgar Watkins.

Mr. and Mrs. B. H. Allen and son Tom of Versailles spent Sunday with relatives here.

Mrs. Kate Winger and daughter, Miss Kathryn and Mr. Adolph Gustafson of Jacksonville were Sunday guests of Mr. and Mrs. J. Z. Fox.

Mr. and Mrs. Newton Wilson two sons visited Mrs. Wilson's parents in Woodson, Sunday.

The party of young people who attended the School of Methods and Young People's Conference of the M. P. church at the Old Salem Chautauqua park last week arrived home Sunday afternoon.

They report Chapin had the largest delegation present and also that it had been an interesting and instructive week. Classes were conducted from 8:30 to 12 each morning and a service each evening from 6:30 to 9:30.

Mr. and Mrs. John Griffin were guests of Mr. and Mrs. C. F. Duchett at Sunday dinner.

J. E. Wolford and daughter Mrs. Addie Tison of Bluffs were visitors here Sunday.

The Chapin Woman's Club will hold their last meeting before the summer vacation period Tuesday with Mrs. Alpha Anderson.

This work was so well done, and has such artistic merit, that it has been decided to collect the parchments and send them to the Polish legation at Washington for exhibition.

## FORMER GERMAN PRINCE STIRS IRE OF SOCIALISTS

BERLIN.—Prince Eitel Friedrich, the second son of ex-Emperor Wilhelm II of Germany, has recently created a number of new Knights of Honor in the Order of St. John, of which he is supreme commander for Brandenburg province, and has thereby created as well as the usual annual uproar among the socialists.

There are several angles about this yearly action of the prince that the German radicals do not like, although they do not express any fundamental objections to the original organization itself, which dates back to the sixteenth century days of Gregory the Great in Jerusalem.

In the first place, with the Hohenzollerns in the discard, the socialists disapprove of Eitel's action in still issuing high-toned parchment proclamations creating Knights of St. John which pretentiously start off with: "We, Wilhelm Eitel Friedrich Christian Karl, Prince of Prussia by the Grace of God," etc.

Secondly, the socialists regard "as monarchistic masquerading" the annual ceremony of knighting, with its flowing robes and plumed hats.

Yet capping the climax in the radical's eyes is the fact that the new knights include not only officers of the old monarchal army but even members of republican Germany's new Reichswehr and Security police. Vorwärts, the socialists' official newspaper, declares Eitel has created at least 223 knights this year, 36 of whom belong to the new army and navy.

The Order of St. John is said to be continuing its extensive charitable activities throughout Germany. Before the war it had established nearly half a hundred hospitals in this country besides two abroad.

## SHIPS THAT PASS AT NIGHT RING A BELL ON SHORE

Vienna.—Austrian inventors have perfected an instrument which automatically and accurately records the passage of any vessel over a given body of water, night or day, to observers who may be located on shore. As an aid in catching smugglers, and a help to coast defence in war time, the invention is regarded as distinctly valuable.

The device consists of a small search light sending a ray no bigger than a pencil across the space to be controlled, and a receiving apparatus at the other end containing a light-sensitive selenium cell. Whenever a passing vessel interrupts the rays of

the search light, the selenium cell closes a relay which starts a bell alarm, or operates a recording device.

The instrument in question was tested recently between two points three and one half miles apart, in the outskirts of Vienna, and the passage of every object as well as every person, was duly recorded. These tests were made in broad daylight, with a 50 candle power incandescent lamp as the source of light.

## MODERN GARAGES FLANK SITE OF ABODE OF THE MESSIAH

Nazareth, Palestine.—The automobile in Palestine, made possible by the good roads, has brought with it the modern garage and the repair shop, usually in charge of Arabs, Syrians or Jews who learned the trade in the United States.

Even in Nazareth, which in other respects is little different in its seclusion and repose from that day 20 centuries ago when the Saviour sent the message of brotherhood and equality which transformed the world, there are modern garages and machine shops. They make a striking contrast with the poor homes of the natives, and are within a short distance of the site of the abode which once was the carpenter shop of the Master of Men.

## The Thing You Shouldn't Do

Many people—most people, in fact—do this thing. But they shouldn't. Some know they should not do it, but they go right on doing it just the same.

This, then, is a warning; also a better way.

The thing you shouldn't do is this: You shouldn't wash your teeth and rinse your mouth out in the lavatory in which you wash your face and hands.

To do this is to flirt with disease. That which is brushed off the teeth and rinsed into the lavatory bowl is a mass of germs. To follow a rinsing with a washing of face and hands is likely to carry some of the germs onto delicate parts of the skin and into the eyes.

A better way is to have a dental lavatory in your bathroom. The space it occupies is small; it is convenient; it is a safety first fixture.

# Jacksonville and Illinois Woman's College--- Comrades, Partners

¶ Jacksonville's residence value, commercial prosperity and civic charm have been enhanced by this superior Woman's College.

¶ Down the years Jacksonville has been patron saint to the Illinois Woman's College.

¶ It has given liberally, lavishly and without stint. Pure philanthropy much of this has been, but not all.

¶ Many of Jacksonville's dollars have gone into the treasuries of the Woman's College. But for every dollar the city has given the college, in its turn the college has given proportionately more. That's fair from Jacksonville's standpoint, isn't it?

¶ The college and students spend thousands of dollars every year in Jacksonville for all the necessities and many of the pleasures of life.

¶ Commercially, Jacksonville profits by the money Illinois Woman's College brings to and spends in the city. There is no better commercial investment for us of the home center than to make the college stronger, more prosperous, more largely attended, and thus insure even a better ratio of commercial prosperity. For 77 years Illinois Woman's College has stood for the best. It has justified every penny invested in its service.

## Social Events

### ADD SOCIAL Group of Young People Had Picnic

An interesting picnic was enjoyed Sunday afternoon at Nichols park by the following young people: The Misses Frances Walters, Mabel Walters, Pearl Davis, Hattie Davis, Elizabeth Martin, Gertrude Decker, Ruth Jordan, Aileen Surtzer, Bettie Smith and the Messrs. Carl Walters, Frank Walters, Charles Davis, Earl Davis, George Houston and Roy Watt of this city and Ivan Grant and Porter Armstrong of Franklin, Troy Puster and Carl Rapps of Pleasant Plains.

### Carrollton Young Woman Hooned

A picnic was tendered Miss Ehret Sloan of Carrollton Sunday evening at Nichols park. Those present were: Miss Louise Tankersley, Mr. and Mrs. Turner Cully, Mr. and Mrs. Homer Cully and Dewey Gunstrom.

### Family Reunion at Nichols Park

The Green and Meatheringham families held a reunion at Nichols Park Sunday, the first one that has been held for several years. A large dinner was spread and a short program held afterward at which John Meatheringham made a short talk and Mrs. J. Green gave two readings. The guests of honor were Mr.

and Mrs. Cramore of Los Angeles California, who are visiting relatives in Mt. Sterling.

The out of town guests were: William Meatheringham and the Misses Sadie Arie and Forestine Meatheringham, Dan and John Meatheringham, Lyle Meatheringham of Camp Point, Helen and Robert Omer of Herrin, Ill., Clarence and Iota Castle, Virginia Lee, Le Roy Castle, Vincent Castle and Tom Meatheringham of Bluffs, J. T. Green, Clara Green, T. C. Green, Birdie Green, Jay Green, Leona Green, Darrell and Juanita Green, William Cooper, Pearl Cooper, Vernon and Aileen Cooper and Le Vera Leonard of Lincoln, Ill.

### Waverly Sunday School Class Picnic

Mrs. Wilson Smith's class of the Waverly Christian church Sunday school came in force, filling four autos, yesterday for an all day's picnic at Nichols Park, returning home late yesterday evening.

### Bible Class Will Have Luncheon

The Ammonia Bible class of First Baptist church will hold its quarterly luncheon and business meeting tonight in the church parlors. Mrs. Charles H. Story is in charge of the arrangements for the affair.

Mrs. Walter Hines of New Berlin was a Monday shopper in the city.

## KITCHEN CUPBOARD

By NELLIE MAXWELL

### FOOD FOR THE FAMILY

MOST people will enjoy a baked potato at any meal and for a person who has any intestinal trouble it is the only way to serve it. Long potatoes are more quickly baked than the shapely round ones. When the potato is thoroughly done, score with a cross on top and push back the skin, insert a piece of butter and serve at once. When it is hard to think of anything for supper serve baked potatoes and sliced cold meat or codfish gravy.

A supper dish for a cool night or a good dinner dish is:

**Fish Chowder.**—Fresh fish cut into small pieces may be used in this dish, or codfish that has been freshened and softened in water. Take a quarter of a pound of salt pork, cut it into dice and fry in the chowder kettle until crisp and brown. Add six small onions sliced, stir until a golden brown, add six or eight medium-sized potatoes sliced thin, and sufficient water to cover and cook the vegetables. When they are nearly tender add the fish; if fresh, cook until it loosens from the bones; if codfish a few minutes' cooking will be sufficient.

Add one quart of hot water, six milk crackers soaked in milk and seasoning as needed. Serve hot. Once tried this will be a dish that the family will ask for again and again.

**Pork Chops and Parsnip Stew.**—Put six or eight pork chops into a saucepan with five good-sized parsnips which have been washed, scraped and cut into one-inch pieces; add five diced raw potatoes, one onion; season with salt, pepper, and cook slowly for twenty minutes; thicken with a little flour, cover closely, adding moisture as needed and cook two hours.

**Filling for Pineapple Pie.**—Scald a can of pineapple in a double boiler. Sift six tablespoonsful of cornstarch, one-half teaspoonful of salt, and one cupful of granulated sugar; stir into the pineapple and cook until the starch is thoroughly cooked. Now add two tablespoonsful of butter and the juice of half a lemon. Pour into the baked shell cover with a meringue and brown lightly. Serve cold.

Mr. and Mrs. John Daniels of Litterberry were Monday shoppers in the city.

## SCIENTISTS REDUCE DANGER OF DEATH FROM NOXIOUS GAS

PITTSBURGH, Pa.—(By the A. P.)—Carbon monoxide gas poisoning, the nemesis of workers in mines, mills, garages, tunnels and other industries, as well as the occupant of the home, is the subject of an important discovery just made by experts of the Pittsburgh station of the United States Bureau of Mines. The discovery affords a quick and sure method of determining the presence of carbon monoxide poison in the blood and, according to the experts, will not only prove a boon to sufferers from the dreaded gas, but will be useful in a legal way in that it will prove conclusively the cause of such deaths.

Dr. R. K. Sayers, and W. B. Yant, chemist of the bureau, made the discovery, and after months of research work and actual tests upon human beings, they have reported that their simple system could be operated by anyone, and that within 15 minutes after the test is made the amount of carbon monoxide poison in the blood of the subject could be determined, thus insuring the right and prompt treatment for the patient. Heretofore, doctors treating carbon monoxide cases have had to wait from 24 to 48 hours for a blood test before they could begin proper treatment.

The Sayers-Yant discovery came as the result of work in the Hudson river tubes in New York. While the Bureau of Mines experts were engaged in the problem of ascertaining a proper ventilating system for the tubes under the river so as to render automobile gases harmless to those passing through, they struck upon the new method of determining the presence of carbon monoxide in the blood.

Discussing the value of the discovery to mines and mills, Mr. Yant pointed out that heretofore rescue workers have been hampered in treating stricken men because they did not know whether the patient suffered from shock or carbon monoxide gas. Likewise, this was true in garage and tunnel accident cases. The patients are always given oxygen but it required an entire day or more to determine if they had carbon monoxide poisoning. With the discovery at hand, Mr. Yant said, rescue workers in the industries will know whether the victim of an accident has carbon monoxide poison in his blood; will know the exact amount of such poisoning, and can proceed to give proper and prompt treatment within 15 minutes after the patient comes into their hands.

## DRINK MILK AND LIVE TO BE 100

SPRINGFIELD.—Drink milk if you would be a hundred years old, the state department of health admonishes in a circular on the food value of milk.

It has been discovered, according to the department, that calves need vitamins in order to grow. "If this is true," said the department letter, "milk or large quantities of green vegetables are necessary for the growing child to prevent teeth decay and to promote bone growth and tissue development. Milk and green vegetables will tend to keep the teeth of adults from decaying and render our systems more resistant to disease.

"Milk and green vegetables will cause less ash to accumulate in the blood stream and thereby cause less tax on the kidneys and blood vessels and have a tendency to prolong life. The milk drinkers of the world, such as the people residing in the Swiss Alps often live to be a hundred years of age.

"Be sure the milk is clean and safe if given to children and if you can not be sure, pasteurize or bring to a boil."

### PRINCE DOES NOT PINE TO BE CALLED ROYAL

LONDON.—Lady Astor likes to bring people together at her dinners. At one of her recent entertainments she had among her guests the Prince of Wales and Will Thorne, the socialist labor leader and member of Parliament. Thorne now tells this story:

"I said to the prince I would doubtless be unpleasantly criticized by some of my constituents for putting my feet under the table with royalty.

"The prince smilingly replied: 'I object to royalty, Mr. Thorne, but I don't mind being called the Prince of Wales.'"

### BEER REPLACES SAKE IN JAPAN

TOKIO.—(By the A. P.)—Beer is rapidly replacing sake as the national drink of Japan. While there has been no appreciable increase in the output of the distilleries which produce sake, the increase in the amount of beer brewed is very marked. Ten years ago 21,288 koku of beer were brewed; last year the consumption was 765,927 koku.

Sake still is used on ceremonial occasions, but beer is the most popular beverage.

## ERUPTION FORE- CAST IN HAWAII'S BIG VOLCANO

HULO, Island of Hawaii.—(By the A. P.)—The present spectacular activity of Kilauea, the ever-active volcano on this island, probably indicates the rapid approach of a great outbreak of the sister volcano, Mauna Loa, one of the largest in the world, according to a statement by L. W. de Vis-Norton, secretary of the Hawaiian Volcano Research association.

The activities of Mauna Loa, which rises 14,000 feet above sea level, occupy a cycle of roughly nine years, it has been found, and it is upon this fact that De Vis-Norton based the indications.

In the immense fire-pit of Kilauea floods of molten lava, in excess of 1,000,000 cubic yards daily are welling up from unknown depths now and this is said to be a certain indication of the rising of the lava within the Mauna Loa rift system.

Slightly more than a year ago the active throat of Kilauea collapsed and presented to the spectator a terrifying abyss 1100 feet deep and more than a mile wide. Its walls overhung on all sides and the only things to be seen were masses of debris and broken rock far below the rim of the pit. Now the diameter of the pit is more than one and a quarter miles and there is an area of 28 acres of seething boiling and wildly fountaining lava, less than 200 feet below the rim upon which the spectator stands.

Earthquake shocks which are being recorded at the Kilauea Volcano observatory seismograph, together with reports from outlying stations at important points around the entire mountain, strengthen the indications of an outbreak of Mauna Loa, which may be reasonably expected to come during the June solstice, De Vis-Norton said.

While an overflow of Kilauea is not anticipated at present, the heat of the rim is becoming increasingly intense.

Mrs. Mary Slaughter of East College street has gone to Euclid Minn., to spend several months with Mrs. Jennie Parkin.

Horace Virgin of Virginia transacted business in the city Monday.

Mrs. B. F. Webster was a business caller from Winchester Monday.

## SHERMAN DECLINES PLACE IN CHORUS

SPRINGFIELD.—Former United States Senator Lawrence V. Sherman of Springfield, received a letter from a church committee inviting him to join a chorus and to contribute \$2 for the support of union church services to be held on the public square this summer.

The former well known soloist sent his check for \$2, but declined the invitation to sing in the following letter:

"I am enclosing check for \$2 for contribution to Union Service this summer. I enclose blank

card for the acceptance of invitation to sing in the union service chorus.

"I regret I am not able to sign such a pledge. I do not know one note from the other unless it is a promissory note with proper endorsements. I have no doubt if you were to advertise that I were to sing either in chorus or solo, it would draw a large audience. They would come not in the expectation of hearing anything in the musical world worth while, but on the general score of hearing something they had never heard before."

Stewart Sparger spent Monday on the river at Meredosia.

## REV. W. H. MARBACH AT CHAUTAUQUA

Will Teach Subject at Old Salem  
This Week—Interesting Subjects to be Discussed.

Rev. W. H. Marbach, pastor of State Street church, will teach a subject entitled "Developing the Teen Age," at a conference of Presbyterian young people being held at Old Salem chautauqua near Petersburg all this week.

The general outline of the program is as follows: Stewardship; Home Missions, "The Child and America's Future"; Sunday School Methods; Young People and Church Leadership; Developing the Teen Age; Devotional Bible Study; Foreign Missions, "Creatable Forces in Japan"; Effective Young People's Societies; Essential Christian Doctrines; Life Work Choices for a Christian; Training the Juniors; Guiding the Sunday School.

The candidates are assured of a good time outside of study hours as the afternoon will be devoted to swimming and other sports, for which the Old Salem chautauqua is so admirably situated. In the evening outdoor campfire services will be held.

The delegates from Jacksonville are: Mary Leedy, Robert Brown, Margaret Piepenbrink, and Grace Fitch, of State Street church; Margaret Kamm and Helen Miller, of Westminster church.

## C. E. SOCIETY WINS BANNER

The Christian Endeavor Society of Central Christian church of this city won the banner that is annually awarded to the society that is most efficient during the year. The award was made at the convention of the Jacksonville district Christian Endeavor Union held at Carrollton last Saturday and Sunday. The Union is made up of Christian Endeavor societies of churches of all denominations.

Those who presented reports from here were: Mabel Ruyle, senior society; Katie Clarkson, junior society, and Adelaide McCarty, intermediate society.

## ALL READY FOR I. W. C. CAMPAIGN

Committees Met Last Night and Heard Inspirational Talk—Enthusiastic Interest in College Crowds Out Thoughts of Hot Weather.

Eighty Jacksonville men and women very much in earnest gathered at the Pacific hotel for luncheon Monday night to talk over affairs relating to Illinois Woman's college campaign. It is fair to assume that they were in earnest, for otherwise they would never have forgotten the heat long enough to plan enthusiastically for this campaign for \$100,000 in Jacksonville and vicinity.

It has been said that a crisis faces the Woman's college and those who look into the situation will find that statement true and that it is not a locally made crisis. The general educational board years ago laid down certain conditions which colleges must meet if they retained their standard, and a college which does not maintain such standards immediately gets on the toboggan.

One of these conditions fixes the amount which colleges must have invested in endowment, and it is to meet these conditions that the friends of the Woman's college are now striving to raise locally \$100,000 toward the \$500,000 needed.

**The Education Board**  
In 1920, after ten years of effort on the part of President Harker, the general education board agreed to give to the Woman's College \$133,000 if other subscriptions could be secured. The time limit was placed for securing such pledges and that the limit is July 3 next. Unless the fund now sought is raised the offer of the general education board to the Woman's college will lapse and the money be lost to this institution.

These are just a few of the facts emphasized last night at this meeting, over which Mayor E. E. Crabtree as chairman of the executive committee presided.

Mr. Crabtree made brief explanation of the purpose of the campaign and then came statements from Dr. J. W. Hancher and Miss Winifred Willard of the finance department of the board of education of the Methodist church, and by Dr. Harker.

Publicity, organization and prayer are the essentials for such a campaign which Dr. Hancher pointed out. Then Miss Willard developed the thought that in such a campaign each individual must answer the question "What are you worth?" The speaker did not mean in dollars or property, but in enthusiasm and co-operation and in the willingness to really do something.

**All Ready to Go**  
Dr. Harker spoke only for a minute or two, as he made reference to the offer of the general education board and of the faith shown in the institution by Dr. Welch and other friends. One could not tell just how much praying was going on among the 80 men and women, but certainly a fine enthusiasm prevailed and the spirit of co-operation was very manifest.

Team captains and workers will begin soliciting today and the first reports will be made at a luncheon at 12:15 at the Pacific hotel. A large sample room on the first floor has been secured for headquarters and staff representatives of the board of education of the Methodist church will co-operate with the local workers in putting the campaign thru to a successful conclusion.

**SEES MANY BETTERMENTS MADE IN CITY**  
Frank Porawski returned yesterday to his home in Kansas City, after a visit of a few days here with Mr. and Mrs. George Moore on East State street. Mr. Porawski played golf on Nichols park course while here and was very enthusiastic in his praise of the grounds. He has been a visitor at intervals for the past twenty-five years and was very much pleased to see the evidences of Jacksonville's growth, particularly in the new buildings in course of construction and which are projected.

## LARGE AUDIENCE AT UNION SERVICE

Rev. G. W. Randle Preached Helpful Sermon With Bible as Theme — Ministers Plan to Have Large Sunday Evening Audience.

Although the weather was threatening at the hour of service a large audience gathered on the Academy lawn Sunday evening to enjoy the first in the series of union services. Dr. Smith of Westminster church presided and led the singing.

Rev. G. W. Randle of Brooklyn church was the speaker of the evening and gave a fine address on our bible. He told of its early history, the manner in which it was prepared and added many interesting historical facts. As a work of grand diction it is unequalled. Sages have found in it their inspiration; statesmen have gone to it for the foundation principles of law; historians have consulted it for data now where else found and while other books have had their day the word of God is yet issued by the hundreds of millions of copies; it translates into nearly five hundred different languages and has brought light and life to countless persons sitting in darkness.

The early manuscripts survived and were carefully preserved during these dark ages and were available when the popular version of 1611 was prepared and still better ones had been discovered for the use of the revisers of 1881 but although for so many years the art of printing was unknown and similarity in all the manuscripts found is truly wonderful and shows what great care has been taken to have the word of God correctly handed down to us.

Dr. Smith urged the great importance of making these meetings a great community enterprise. He quoted the example of Springfield where they have audiences of more than ten thousand and made a strong plea for grand efforts to attract by suitable means audiences of at least fifteen hundred to the meetings in this city. He would have a hand choice music is much advertising, and use every reasonable device to popularize the meetings, not with undue sensation but with an honest effort to draw to the great masses of men in their shirt sleeves; women who seldom attend regular church services; children who may be attracted by a sane yet improving program.

At the close of the services the ministers held a meeting and discussed various ways and means to accomplish the ends desired.

## MATRIMONY

**Burnett-Hodges**  
The marriage of Jimmie Burnett of this city and Miss Margaret Hodges of Springfield was solemnized at 8 o'clock Monday evening, the ceremony being performed by Rev. M. L. Pontius at his home on West College avenue.

The bride and groom were accompanied by Mrs. Ellen Burnett, mother of the groom, and Mr. and Mrs. John Hodges of Springfield, parents of the bride. The groom is a son of Mrs. Ellen Burnett of 332 West Morgan street and is well and favorably known in the city as well as in Waverly, his former home. He is a salesman by occupation and he and his bride are to make their home in Detroit.

Following the ceremony the bride and groom left for Springfield and from there they expect to leave for Detroit, where they are to immediately begin housekeeping.

**Walden-Wright.**  
The marriage of Miss Anna Elizabeth Wright of Franklin and Bernard Owen Walden took place at the home of the groom in Girard Sunday afternoon at four o'clock with the Rev. Cusic, pastor of the M. E. church of Girard officiating. The impressive double ring ceremony was used.

The bride wore a gown of Pekin blue georgette with Spanish lace and carried a bouquet of bridal roses. Only the immediate families of the contracting parties witnessed the ceremony.

The bride who is the daughter of Mrs. Mabel Austin Wright of Franklin is a graduate of the Conservatory of Music in Jacksonville and has attained quite a reputation as a musician. She has also been a very successful teacher in the schools of the county and is accounted a most estimable young woman by all who know her.

The groom is a college graduate and has also been a very successful teacher in his home town of Girard. He is the son of Mr. and Mrs. Owen Walden of Girard.

The many friends of the young couple join in wishing them a happy wedded life.

## HOTEL MEETING TO BE HELD TONIGHT

Stockholders to Attend Mass Meeting at High School Building to Elect Directors.

A great deal of interest attaches to the first meeting of stockholders of the Jacksonville hotel project which will be held in the high school auditorium at 7:30 o'clock tonight. Announcement of the meeting was made by the executive committee in the manner provided by law.

The affairs relating to the hotel project have been in charge of the executive committee, which includes Henry Frisch, chairman; M. F. Dunlap, E. E. Crabtree, H. J. Redgers, H. M. Capps, John W. Merrigan, Harrison King, R. Y. Rowe and J. W. Walton.

The stockholders must vote in person or by a legally appointed proxy. As the instructions sent out to all stockholders have indicated, it is possible to vote in a cumulative way if a stockholder so desires. Each stockholder is entitled to as many votes for nine directors as he has shares of stock.

By the election of directors the executive committee will automatically go out of existence as the directors will have power to attend to all business for the corporation which is to be formed.

## ARRANGES FOR PAGEANT COSTUMES

Will be Important Feature in Fourth of July Celebration.

Miss Mary Matthews, who is the director of the Pageant which is to be staged on the north side of the square on the morning of the Fourth of July returned from Peoria last night where she had been attending to the matter of costumes and also inspecting the manuscript of a pageant of similar nature which was successfully given recently by the Woman's Club of that city.

The matter of costumes for this affair, is a very important one as proper costumes for all periods back as early as the colonial must be furnished. The men of '98 have arranged to obtain full uniforms and rifles of that period from Peoria and these should arrive within the next day or two.

A great deal of interest is being shown by the public toward this event and from present indications this pageant will be one of the best of its kind ever seen in Jacksonville.

A meeting of the committee is called for 9:15 o'clock this morning and it is hoped that the full cast may be announced within the next twenty-four hours.

## FINAL REPORT FILED IN VAN TUYL ESTATE

The final report of Charles A. Johnson as executor of the will of Martha Van Tuyl has been filed in the probate court and approved by Judge Samuel. The total receipts as shown by the executor are \$21,068.51 and expenditures \$8,288.37. The executor asked authority to make distribution in part as follows:

Fred Van Tuyl estate, Edward J. Van Tuyl and Charlotte A. Van Tuyl each, \$2,210.57; Noah Hudson, Robert Hudson, Mary Smock, each \$1,105.17; Julia Schofield, \$1,004.03; Lawrence Cowgur, \$382.10; Harry Garvin, \$317.99; David Vangeison, Edith Vangeison, Florence Vangeison, Charles and Oliver Vangeison, each \$188.13.

## ANOTHER HOTEL NAME

The most recent name to be suggested for Jacksonville's new hotel is "The Ambassador." O. F. Conklin makes this suggestion and with the thought that the word is significant of a new era of prosperity and development for the city.

Mr. Conklin, by the way, has been an extensive traveler and has stopped at a number of first class hotels known to the world by the name he thinks appropriate for the proposed Jacksonville hostelry.

## FORMER RESIDENT WEDS

A number of Jacksonville citizens have received announcement of the marriage of Miss Ruth Wyckoff to Dr. John S. Latta, the ceremony having been solemnized Friday, June 22, in Omaha.

The bride is a daughter of Mrs. M. J. Wyckoff and the family was resident here for a number of years, their home at that time being on Westminster street.

## END VISIT HERE.

Mr. and Mrs. James Capps and child from Toledo, who have been spending a number of days at the home of Mr. and Mrs. Nelson Murphy on West College avenue, will leave in their car today for a vacation visit in Wisconsin before returning to their home.

The Boy Scouts of Central Christian church enjoyed an outing at Nichols Park Monday evening, eating their lunch in the open and enjoying games and contests until after dark.

Mrs. James B. Beckman suffered a stroke of paralysis Saturday evening. One side is paralyzed and her speech is lost. She was taken to Our Saviour's hospital.

## COMMUNISTS AWED BY HOAX OF STUDENTS

GENEVA. (By A. P.)—The recent assassination of the Russian diplomat Vorovsky, at Lausanne, had a rather curious aftermath here, not without its humorous aspect.

The day after the murder the communists of Geneva organized a meeting of protest at the Apollo Theatre. A group of university

students had it in mind to break up the meeting by force, when the idea of playing a practical joke, designed to alleviate the possibility of bloodshed and gain the desired end at the same time.

Just as the communists were about to assemble, the student with the idea telephoned to the theatre and asked for the communist leader.

"Chief of police speaking," said the student in a stern voice. "I'll give you exactly one hour to finish your meeting. There must be

no procession, no communication to the press, otherwise you all go to jail."

An hour later a band of students from a neighboring cafe watched the communists disperse quietly, with no sign of demonstration.

A Riverside paper gives the following notice of the recent purchase of a piece of real estate in which Mr. Mapes was interested.

S. L. Mapes has just closed one of the outstanding realty deals of the week through the purchase of the Fredericks block on Main, between Sixth and Seventh streets, from Isobel Field, the transaction having been negotiated through the agency of Robert Lee Bettner.

Mr. Mapes and Hattie V. Mapes his wife also interested in the deal, acquire a frontage of 49 feet on Main and a depth of 157 1-2, the holding running back to the alley.

The Fredericks block, of brick construction is three stories high, the Mapes cafeteria occupying the main floor of the structure.

Eighteen rooms in the two stories above are being utilized for apartment house purposes. The building throughout is highly improved property and is regarded as one of the real substantial buys on Main.

Mr. Mapes announced that he will carry out extensive improvements in the cafeteria proper, planning a unique decorative scheme while in the main enlarging upon a far-reaching program.

Mr. Mapes indicated today that since the establishment of the cafeteria in the Fredericks block, that 900 people daily visit the North Main street business section.

# The Work of a Chiropractor

"The Story in a Nutshell"

1. Slight subluxations at this point will cause so-called headaches, eye diseases, deafness, epilepsy, vertigo, insomnia, wry neck, facial paralysis, locomotor ataxia, etc.

2. A slight subluxation of a vertebra in this part of the spine is the cause of so-called throat trouble, neuralgia, pain in the shoulders and arms, goitre, nervous prostration, la grippe, dizziness, bleeding from nose, disorder of gums, catarrh, etc.

3. The arrow head marked No. 3 locates the part of the spine wherein subluxations will cause so-called bronchitis, felons, pain between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writers' cramp, etc.

4. A vertebral subluxation at this point causes so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.

5. Stomach and liver troubles, enlargement of the spleen, pleurisy and a score of other troubles, so-called, are caused by subluxations in this part of the spine, sometimes so light as to remain unnoticed by others except the trained Chiropractor.

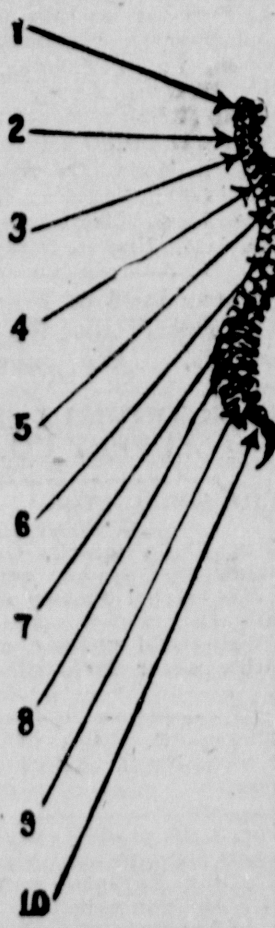

6. Here we find the cause of so-called gall stones, dyspepsia of upper bowels, fevers, shingles, hiccoughs, worms, etc.

7. Bright's disease, diabetes, floating kidney, skin disease, boils, eruptions and other diseases, so-called, are caused by nerves being pinched in the spinal openings at this point.

8. Regulations of such troubles as so-called appendicitis, peritonitis, lumbago, etc., follow Chiropractic adjustments at this point.

9. Why have so-called constipation, rectal troubles, sciatica, etc., when Chiropractic adjustments at this part of the spine will remove the cause?

## FACE COVERED WITH PIMPLES

Very Sore. Itched and Burned. Cuticura Heals.

"My face was literally covered with pimples. They were large and very red, and sometimes festered and became very sore. They itched and burned and were very disagreeable. ## Boils

HERE is a reason for everything that happens. Common-sense kills misery. Common-sense also stops boils! S. S. S. is the common-sense remedy for boils, because it is built on reason. Scientific authorities admit its power! S. S. S. builds blood.

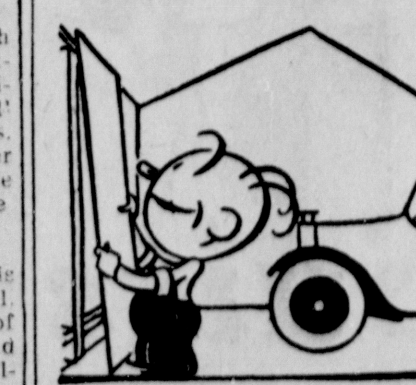

ower, it builds red-blood-cells—that is what makes fighting-blood fighting-blood destroys impurities. It fights boils. It fights impurities! It fights skin eruptions! It always wins! Mr. V. D. Schaff, 57 15th street, Washington, D. C. writes:

"I tried for years to get relief from a bad case of boils. Everything failed until I took S. S. S. I am now absolutely cured, and it was S. S. S. that did it!"

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

## YANKEES LOSE 11 INNING GAME SUNDAY

Local Team Defeated in Hard Fought Battle—Work of John Zell Behind the Bat Features

The Yankee Athletic club nine went down in defeat before the Arenzville Grays at Arenzville Sunday in an 11 inning game, the final score being 16 to 9. It was a hard fought game from start to finish and excitement ran high throughout. The Yankees took the lead in the third inning with three runs and the Grays came back in their part of the third with two runs. The Yankees scored another in the fourth and Arenzville tied in the same inning. In the sixth the Yankees put across four runs and Arenzville came back with two. The Yankees scored another in the seventh and Arenzville tied the count in the ninth with three runs. Devlin then took the mound for Jacksonville, neither team scored further until the eleventh when with three men on and two down Zulauf singled to left scoring Dober.

The game was witnessed by a large crowd and there were several spectacular plays by both teams. J. Zell caught an excellent game for the Yankees and had the Arenzville players at his mercy when on bases. Arenzville being unable to collect even one stolen base on him. R. Zell, Burrus and Devlin all pitched good ball. R. Zell having the better of Burrus up until the ninth inning.

The Yankees are not backed for next Sunday as yet but have several prospective games. They will go to Petersburg on July 8th where they will meet the fast Petersburg Pirates. The Yankees are composed of young athletes and have some very promising material and will give any team in this section an exhibition game of real baseball as they are real scrappers and never give up but have that real fighting spirit which is necessary in the making of a real ball club. Any teams wishing to book games can write Manager William Wagner, 502 East North Street, Jacksonville Yankees.

## GIBBONS WORKS OUT UNDER BLAZING SUN

SHELBY, Mont., June 25.—The roof was taken off Tom Gibbons' outdoor training ring today and the St. Paul challenger went thru his afternoon workout under a blazing sun.

Stripped to the waist the title contender battled eight stiff rounds with four sparring partners, among them Mark Moore, Minneapolis middleweight, a new arrival.

Gibbons buffeted his fellow Minnesotan all about the ring and easily evaded the long slow right, more frequently shot at him.

"He is the fastest man I ever met," Moore said. "It is hard to get at him."

Gibbons continued the speedy cast he has set for himself the last two days against his other three sparring mates. The fastest bout was between Gibbons and Tittle Herman.

Herman pushed the challenger to the limit, but he made only a few dents in Gibbons' defense. The latter, however, poked his left into Herman's face with a surprising rapidity and the Los Angeles fighter's nose was bloody and his eye discolored.

Eddie Kane, Gibbons' manager, and Dan Tracy, in charge of the business management of the fight, returned here today and plunged immediately into work connected with the fight.

Kane declared arrangements for the disposal of motion picture rights for the fight were almost completed.

Tracy declared that there was no indication as to the ticket sales owing to the failure to hear from many cities. All unsold tickets have been called in but many points have not yet been heard from he said.

## DEMPSEY STARTS ON FINAL TRAINING GRIND

GREAT FALLS, Mont., June 25.—(By the A. P.)—Jack Dempsey, world's heavyweight champion, tonight is ready to start the final stretch of his training grind for the defense of his title against Tommy Gibbons at Shelby July 4.

The champion rested today, deserting his training camp to spend the day in town. He left camp after a late breakfast remaining in town until time for dinner.

The champion declared he never felt better.

Dempsey intended visiting the hospital to call on "Big Ben" Wray of Sayre, Oklahoma, who suffered a broken jaw when knocked out by the champion last Friday, but Wray had left the institution.

The Oklahoma giant, seven feet, two inches, said he was tired of staying in the hospital and wanted to get something to eat besides milk and soups. When his manager found him Wray had

## IRA FANNING SHUTS OUT O'CONNELLS 4-0

Local Hurler is Given Good Support by Teammates—Locals Get to Dickson in First and Fifth.

Ira Fanning, indee hurler with brilliant support by DeFrates, Kohloff, Ruble and Wheeler blanked the O'Connell team at South Side Park Sunday afternoon.

The game was played under a broiling sun which caused the players to shed most of their uniforms, trying to keep cool. It was just as hard on the spectators and the scorekeeper as they got almost as hot as the players.

Doc Ford, heavyweight catcher for the visitors had a hard afternoon grabbing Dickson's wild heaves and at the close of the game he was all in. He, together with Rossiter, Kilemummings, Dorgan and James gave Dickson good support and held the score down.

The indees had more "pep" Sunday than they have shown for many days and looked like a different ball team than the one which faced the Plano Indians on the previous Sunday. Baseball like they displayed Sunday will put them in the good graces of the fans again.

The indees got busy with Mr. Dickson in first inning. After Manning had struck out Wheeler singled. Ruble's single put him on second. Dickson then uncorked a wild pitch and both runners moved up a peg. Kohloff was out Dickson to Kilemummings. Christopher came thru with the needed blow and Wheeler and Ruble scored.

A base on balls, to Massinkoff his steal of second, two errors and a fielder's choice put over two in the fifth without the aid of a hit.

The O'Connell's threatened several times, but good pitching by Fanning or brilliant fielding kept the runs away from the platter. In the first Fanning started by hitting Wilkin. Then an error and a single filled the sacks but Wilkin was nipped at the pan, James struck out and DeFrates made a beautiful play nipping Ford at first.

Dickson hit for three bases in the third with one out but died there. Dorgan did the same in the sixth with one down but never got any farther. In the seventh the visitors got three men on again but could not score and in the eighth a visitor got to third and stayed there. During the last three innings the O'Connell's were just fighting to keep from getting blanked. In the ninth they again filled the sacks but could not put over the needed run. The score: O'Connells: A. B. R. H. O. A. E.

## WERE SPRINGFIELD VISITORS SUNDAY

Mrs. Delia Smith, George V. Skinner, son Glenn, and daughter Mabel Fretter all of 853 South East street spent Sunday in Springfield visiting with Mrs. Smith's sister Mrs. Clara Spencer.

Thomas B. Smith of Franklin was a visitor in Jacksonville yesterday.

removed the plaster cast from the cracked jaw and was in a restaurant piling in some soft boiled eggs. He was taken to a physician to have a new cast plastered on his jaw.

Dempsey in response to questions declared he would indulge in only light workout tomorrow and for the rest of the week.

Jack Kearns, manager of the heavyweight champion is considerably nettled over the delay in arranging for the disposition of the fight pictures. He said no contract for taking the pictures had been made. Dan Tracy, executive in charge of the fight, said he expected to announce tomorrow or Wednesday the financial status of the bout.

## TIMELY HITTING BEATS CARDINALS

## EXCURSION WAS WELL PATRONIZED

The special excursion over the Wabash to Keokuk and Ft. Madison Sunday was well patronized, 201 tickets being sold from Jacksonville alone, and a great many more were added at Bluffs, Meredosia, and Mt. Sterling. The excursionists from Springfield and Decatur moved by a special of their own. The Jacksonville passengers reached home about midnight Sunday.

R. A. Brucker of St. Louis was a business visitor here Monday.

BEAR TRADERS FORCE  
ANOTHER REDUCTION

**FINANCIAL.**  
Day's total sales 736,200  
shares.  
Twenty industrials averaged  
91.48; net loss 1.82.  
High 1923 — 105.38; low  
90.81.  
Twenty railroads averaged  
\$1.46; net loss .97.  
High 1923 — 90.63; low  
\$0.13.  
Total sales (par value)  
were \$8,402,000.

**NEW YORK, June 25.**—Profes-  
sional bear traders forced an-  
other sharp reaction in today's  
stock market net losses of Stand-  
ard industrials ranging from 1 to  
5 points.

While a number of leading  
stocks touched new low records  
for the year, the volume of sales  
was relatively small, indicating  
that the amount of forced liquida-  
tion was considerably below that  
of the bad break last Wednesday.

Announcement of the failure of  
another stock exchange house  
which was petitioned into bank-  
ruptcy Saturday afternoon tended  
to depress speculative sentiment,  
despite the fact that the house  
was a small one and had been  
comparatively inactive for two  
years the liabilities totalling only  
\$125,000.

Selling pressure was directed  
chiefly against the motor shares,  
Studebaker, Chandler and Pierce  
Arrow preferred all dropping to  
new low records for the year net  
losses being 58 and 54 and 54 re-  
spectively.

United States steel got down as  
low as 91½ and showed a net loss  
of 3½ at the close.

Additional cuts in tire prices  
brought further selling into the  
rubber group.

Rails lost ground despite the  
fact that the first May earnings re-  
ports were highly satisfactory.

The Southern Pacific System re-  
ported net operating revenues of  
\$23,160,155 against \$21,880,033  
in April and \$21,123,914 in May  
1922.

Call money opened at 5 ad-  
vance to 5½ and thence to six  
where it closed. Foreign exchange  
was quiet. German marks being  
quoted at .00083 cents.

WHEAT IN CASH  
MARKET BETTER

CHICAGO, June 25.—Wheat  
in the cash market today closed  
unchanged to 2c better. Premiums  
and discounts were un-  
changed to 2c higher for red  
grades and 1½ to 2c better for the  
hard grades. Yellow hard and  
spring grades were unchanged.

Shipping sales here were 65,000  
bushels including 55,000 bushels  
to exporters. There were sales  
of 10,000 bushels to go to store.

Corn finished 1½ to 2c better.  
Premiums were unchanged on No.  
2 mixed and unchanged to 1c  
easier on No. 2 yellow and white.  
Domestic shipping sales here were  
80,000 bushels.

Oats closed unchanged. Prem-  
iums were unchanged to 1c bet-  
ter, the gain being on No. 3  
white. Domestic shipping sales  
here were 55,000 bushels.

Cats inspected: Wheat 21; corn  
147; oats 68.

**Chicago Grain Futures**  
CHICAGO, June 25.—Indica-  
tions of holding policy on the part  
of the farmers gave something of  
an advantage today to the bull  
side of the wheat market. Prices  
closed firm, 1½ to 2c higher, with  
September \$1.04½ to \$1.04½ and  
December \$1.07½. Corn finished  
1c to 1½ up, oats varying from  
1c decline to 1½ to 1c advance and  
provisions 2c to 7c off.

With heavy rains banishing  
complaints of dryness in the  
spring wheat territory and with  
hot clear weather facilitating the  
harvest in the winter crop belt,  
the wheat market at first showed  
a tendency to fall in price. Coun-  
try offerings to arrive, however,  
were light and gossip was current  
that growers as a rule were post-  
poning sales until after threshing  
and were unconvinced to get  
\$1.00 a bushel or better.

Soybean futures were unchanged.  
Buying for houses with seaboard  
connections helped also to bring  
about an upward swing in the  
market after the initial show of  
weakness. The fact that export-  
ers took some wheat out of the  
Chicago market appeared to have  
more or less to do with turning  
prices up. How

OFTEN CHEATED  
DECLARES BALLIndigestion Deprived Him of  
Many Meals, He States, But I's  
All Over Now.

"If I knew Tanlac wasn't going to be sold any more, I would buy every bottle I could, for I wouldn't be without it," declared James Ball, well-known advertising distributor, of Jackson Boulevard and Morgan St., Chicago, while on a trip to Gary, Ind., recently.

"I was cheated out of many a meal by a terrible case of stomach trouble and was badly run down. After eating I suffered awful pains and bloated with gas till I felt like I would smother. I had rheumatism, too, and the pains were so fearful I could hardly raise my arms. I was so nervous any rush job set my hands trembling and my head to aching. But a ten-pound gain and a ravenous appetite tell what Tanlac did for me. The rheumatism is gone, my nerves are steady and I can carry a load of advertising all day and seldom get tired. I wish I could post 'Take Tanlac' everywhere. If people would heed this they would avoid a world of suffering."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold.

Tanlac Vegetable pills are Nature's own remedy for constipation. For sale everywhere.

TURTLE? NO!

This is a sample bed bug that may be found in this section of the state. Should you find them during house cleaning time don't worry, it is easy to rid them with the use of the Peaky Devil, P. D. Q. (Peaky Devil's Quinine).

No matter how large they may be, color or sex or where they came from, P. D. Q. will kill them and their eggs as if liquid fire had hit them.

Not an insect powder, no dust or muzz; will not injure clothing, and will actually kill Moths, Roaches, Cooties, Bed Bugs, Fleas and Ants and puts an everlasting end to the Peaky Devil, as it destroys future generations. Impossible for them to exist with its proper use.

Get from your Druggist's a 35c package; this will make a quart; each package contains a patent spout to get them in the hard-to-get-at places. Special Hospital and Hotel size makes five gallons. P. D. Q. can also be purchased in liquid form in a handy bottle with patent spout in each package. Your Druggist has it or can get it for you.

WOMAN SO ILL  
COULD NOT WORK

Gained Strength, Weight, and Now Doing Own Work by Taking Lydia E. Pinkham's Vegetable Compound

Marion, Ind.—"I was all run-down, nervous and bent over. I could hardly drag around, let alone do my work. I read some letters in the papers telling what Lydia E. Pinkham's Vegetable Compound had done for others and I thought I would try it. Then a man told my husband about his wife and what good it had done her and wanted him to have me try it. I took one bottle and could see what it did for me in a week's time, and when I had taken three bottles I had gained both in strength and weight and was doing my own work. I took it before my last baby was born and it helped me so much I am glad to recommend the Vegetable Compound to any woman who suffers from female ailments, for I know by experience what it can do. I have used Lydia E. Pinkham's Sanative Wash, also the Liver Pills, too, and think them fine."—Mrs. Wm. Eldridge, 629 E. Grant Street, Marion, Indiana.

A record of nearly fifty years' service should convince you of the merit of Lydia E. Pinkham's Compound.

SERIOUS ACCIDENT  
TO LOCAL MOTORISTLaMonte Gist and Charles Ruyle  
Injured in Accident on Road to  
Auburn

As LaMonte Gist, of Spaulding Place, and Charles Ruyle, of Franklin, were returning from Auburn Saturday night in the Gist car they met with a serious accident in which Mr. Gist was severely injured and Mr. Ruyle was badly cut.

Two cars were racing, this, combined with a cloud of dust, made it impossible for Mr. Gist to see a bridge, the car plunged off the bridge and turned turtle. Gist was badly hurt and it is feared his skull may be fractured. Ruyle was badly cut by the glass of the windshield.

CRAP GAME WAS  
RAIDED SUNDAY

A very interesting black-and-tan crap game was interrupted by the police on the corner of Anna and South West streets Sunday morning about 3 o'clock. There were three white and four colored sports in the crowd and the game was immediately transferred to the police station where they each made a donation of \$10 and costs to the city treasury.

From appearances the police believed that there had been some liquor in the crowd during the evening but if there was it was all in the hold, as none could be found on deck.

## DROVE TO DETROIT

H. J. Rodgers has returned from a trip to Detroit, where he went to meet his daughter, Miss Edith, and their cousin and guest, Mrs. E. E. Bohrer and two little sons, residents of Kirksville, Mo. They had a very enjoyable trip and were much pleased with the fine condition of the country through which they passed. They saw on every hand prospects of abundant crops.

LEGION TEAM  
DEFEATS POSTOFFICE

The American Legion team succeeded in taking the confidence out of the Post Office team in their twilight league game Monday evening.

Riggs and Kahl of the Legion apparently had the Post Office boys eating out of their hands as the score of 11 to 3 would indicate. The Post Office used two pitchers trying to stem the tide, their battery being Bingham, Ricks and Kennedy.

# Dr. Thacher's Great Prescription Given To The Public Here

## INTEREST IN THIS NEWS INTENSE

Results Accomplished by Wonderful Tonic in Restoring Health, Strength and Energy Discussed All Over Town

Dr. Thacher's celebrated Liver and Blood Syrup, that accomplished such remarkable results in the practice of this renowned physician, is now ready for immediate distribution here.

Intense interest among the public in general and the thousands of sufferers from the everyday complaints that make their lives miserable is aroused by the announcement that Dr. Thacher's celebrated Liver and Blood Syrup is to be placed within reach of every man, woman and child in this state.

This excellent tonic, that has been creating a sensation all over this section of the country as the result of its powers in restoring weak, run-down, suffering men and women to the joys of perfect health, is compounded from the favorite prescription of one of the most worthy physicians of the country—Dr. H. S. Thacher, who for many years practiced his profession with signal success in the city of Chattanooga, Tenn.

"Keep your liver working properly, and nine times out of ten you will stay well and happy," said Dr. Thacher nearly a quarter of a century ago.

## PROVED HIS THEORY

Dr. Thacher proved that a disordered liver oftentimes cripples the stomach, locks up the bowels and poisons the blood. So he set about to perfect a tonic that would, first regulate the liver; second, tone up the stomach; third, clean out the intestines and, fourth, purify the blood.

Dr. Thacher's Liver and Blood Syrup was the result, and throughout his lifetime, as a result of his wonderful prescription, this venerable doctor created a wide reputation as a specialist in the treatment of diseases caused by the liver, stomach and bowels.

At first prescribing the remedy in his own practice and among his own patients, there soon grew up such a demand for Dr. Thacher's Liver and Blood Syrup among others who had heard of its exceptional healing qualities, that Dr. Thacher was finally compelled to arrange for the production of the tonic on a larger scale than was possible in his own private laboratory. But never, until now, has it been possible to distribute this meritorious preparation among all who may be benefited from its use.

SHERIFF RAIDS TWO  
PLACES AT FRANKLIN

The places of Delbert Sublett and Steve Seymour at Franklin were raided Sunday afternoon by Sheriff Wright and Deputies Henry Strawn, Burley and Edgar Jones.

White mule was found at both places and the two men were brought in to Jacksonville and are now confined in the county jail on information filed by State's Attorney Carl E. Robinson yesterday.

Henry Henn of Ashland was a shopper in the city Monday.

## BIG DRUG FIRMS WIN THE AGENCY FOR THACHER'S

Dr. Thacher's Liver and Blood Syrup to Be Featured by Leading Druggists in Each Town, and Sold on Money-Back Guarantee.

Following the fixed policy of the Thacher Laboratories to place Dr. Thacher's Liver and Blood Syrup in the hands of the most reliable and responsible druggists in each city and town, the announcement is made today that this valuable agency has been awarded to Coover Drug Company in Jacksonville.

Each druggist is authorized by the Thacher Laboratories to return the purchase price in any case where the first bottle fails to benefit, so no one need hesitate about trying the medicine.

The cost of the prescription is very little, as it is supplied in full strength, which permits the patient to add water when taken. It is also most pleasant to take and does not leave a bad taste in the mouth.

Out-of-town people are advised that if no Thacher agent has yet been appointed in their town, their own druggist may secure the agency and supply them with Dr. Thacher's Liver and Blood Syrup by applying to Thacher Sales Company, 920 Fisk Bldg., New York City.
